Believed In Washington That Sampson's Soldiers Have Begun the Invasion.

Whereabouts of Shafter Unknown. Progress on the New Warships.

WASHINGTON, June 10 .- It became apparent yesterday afternoon that the war department, through the energetic offices of its censors, had succeeded entirely in its purpose to keep the movements of the United States troops a secret, for beyond question at the close of the day it was impossible to learn here where are the United States troops which had been for weeks gathering under command of General Shafter in

Florida.
Stories of the appearance or mysteric ous warships in Cuban waters floated through the navy department during the day. The officers quickly condemned them, declaring that if the boats were Spanish they were nothing more than small armed launches and not to be feared by any number of transports convoyed by such fine gunboats as the Helena and Bancroft. But when these stories reached the war department they were received in a different spirit. Nothing is more helpless in warfare than an unarmed troop transport full of soldiers. She would fall an easy victim to the smallest gunboat, and the soldiers, knowing their weakness in this respect, are loath to undertake to cross the Florida straits until these disagreeable visitors have been removed from the pathway. Without respect to the character of the strange craft that are said to be dodging the blockaders at Havana, they will be removed from the scene of action in short notice, as it is understood that Sampson has been made acquainted with the situation and will be expected to redeem his promise to provide safe conduct to the army when called upon. He has ample force to conduct the operations at Santiago to a successful issue and still spare vessels of any power desirable for use in the Florida straits.

It was pointed out vesterday by a naval officer that the admiral since the arrival of the marine battalion on the Panther has at his may regard as a sufficient force of men to capture Santiago, even before the troops arrive. The 800 marines on the Panther, added to the marines already with the fleet, would make a total of about 1,500 men. . Without impairing the efficiency of his ships, Admiral Sampson could spare 1,000 bluejackets for a landing party, and with this total force of 2.500 men, if the insurgents who have been armed by the United States government do their share, it seems possible for Sampson to capture Santiago at chort notice. There seemed to be a very decided air of expectation vesterday afternoon among the officials who are acquainted with the government's plan in the campaign that almost warranted the conclusion that an engagement of some kind was expected yesterday.

Steady progress is making upon the ships under construction by the government at the several navy yards as revealed by the monthly reports from the various yards to Chief Constructor Hichborn. On the battleships the Newport News people are ahead, having the Kearsarge and Kentucky 59 per cent advanced toward completion, and the Illinois 49 per cent. Cramp & Sons report the Alabama 53 per cent along, and the Union Iron works have progressed 38 per cent with the Wisconsin.

Ten torpedo boats are now actually under construction and have been completed to the following extent: The Rowan, 26 knotter, building by Moran Bros., Seattle, 98.5 per cent: the Dahlgren, 30 knotter, building at the Bath Iron works, Bath. Me., 73 per cent; the T A. M. Craven, 30 knotter, Bath Iron works, Bath, Me., 50 per cent; the Farragut, 30 knotter, Union Iron works, San Francisco, 80 per cent: the Davis and Fox, 22.5 knotters, Wolff & Zwicker, Portland, Or., 88 and 82 per cent, respectively; the Mackenzie, 20 knotter, Charles Hillman, Philadelphia, 99 per cent: the Stringham, 30 knotter, Harlan & Hollingsworth, Wilmington, Del., 23 per cent; the Goldsborough, 30 knotter, Wolff & Zwicker, 7 per cent; the Bailey, 30 knotter, Gas Engine and Power company, New Jersey. 21/2 per cent.

The submarine boat Plunger, building at the Columbian Iron works. Baltimore, similar in many respects to the Holland, is said to be 72 per cent advanced.

MARINES IN CUBA.

Rumors In Washington of a Successful Landing.

WASHINGTON, June 10 .- It is believed here that the first re-enforcements for Sampson's fleet have arrived off Santiago. These are the 800 marines under command of Lieutenant Colonel Huntington, who sailed three days age from Key West on the steamer Panther. These marines had been encamped or the beach at Key West for several weeks undergoing the most severe drill and unitary training,

They are intended not for distribution among the fleet, but as a landing force pure and simple. Naval officers are confident that with this small but well-disciplined landing forceAdmiral Sampson will be able immediately to take plasession of such points on the coast in the neighborhood of Santiago as he may deem necessary to serve as a base for the occupation of the regular Unit-

ed States troops when they arrive, With the marines in possession of the beach and the American Warships with their shells clearing the country behind he Spaniards there will be little danger n effecting the landing of the troops.

Though no official confirmation has yet reached the navy department of the newspaper reports from Sampson's fleet to the effect that he landed marines at Caimanera, and that they are still in possession of a strategic stronghold on the hills nearby, the naval officers here are inclined to accept the reports as ac-turate. They feel a pride in the fact that the navy through its marine ad-junct has earned the distinction of being the first to occupy in force territory in Cuba. The marines who effected this notable feat were drawn, it is believed, from the entire fleet and were thoroughly capable and perfectly disciplined troops.

The officials here express the belief that the regular troops have already sailed from Tampa, but no one in authority and advised of the facts will make such a statement publicly. Though the destination of the froops

can only be surmised, it is felt that there still remains a necessity for concealing the exact time of departure of the troops and it is a noticeable fact that in spite of the understanding that obtained Wednesday to the effect that the censor at Tampa would relax his rules as soon as the troops had actually departed, there is no authentic news direct from Key West or Tampa. It does not follow if the troops left Tampa Wednesday that they are now on their way to Cuba, although such is generally believed to be the case, for the original orders to the military commanders contemplated a start in finality from Key West. At that point the transports were to be rounded up and taken under convoy of some of the more

formidable navai vessels.

Vessels Seen Off Cuban Conet Were Pari

of Our Own Fleet. KEY WEST, June 10 .- The excitement concerning the supposed sighting of four Spanish warships off the northern coast of Cuba has subsided.

There is now no doubt that the vessels seen were part of our own fleet and not Spanish warships, as was at first assumed. The report, which reached here yes-

terday, had it that a United States auxillary gunboat had sighted four Spanish warships in the middle of Nicholas channel Tuesday evening. There was another rumor current here

which found credence among many naval officers that within the past 24 hours some formidable Spanish warships had succeeded in entering Havana harbor. More than two weeks ago it was told

in these dispatches that Morro castle light had again been put in operation, and it was thought to indicate that the Spaniards in Havana had information to expect some friendly ding them visitors.

The gunboat saw the ships in the distance and signaled.

The signals received no answer, which would surely have been the case, it was assumed, had the strange vessels belonged to our navy.

It was upon suppositions of this sort that the report, now happily shown to be groundless, was based.

MANY GUNS DISMANTLED.

Effect of Bombardment of Santiago and

KINGSTON, Jamaica, June 10 .- Rear Admiral Sampson is confident that in addition to the great damage done to the forts and earthworks at the entrance of Santiago harbor more than one-half of the Spanish guns were actually dismantled. Perhaps even this estimate may be found too low when the full effect of that terrible rain of shot and shell becomes fully known. The extent to which the enemy was

crippled is further shown by the eagerness with which they are attempting to repair their disabled batteries and put them in a condition to resist further punishment by our warships. These efforts have so far not been attended with success. The bombardment of Caimanera, on

Guantanamo bay, Tuesday, proves a significant feature of the campaign. The Marbiehead, St. Louis and Yankee were engaged in the fight, aided by a force of insurgents on shore. There was a small Spanish gunboat in the bay when the American warships entered, but she was soon driven away and the fortifications quickly reduced. Then a small force of marines was landed, and they, with the insurgents, will hold the position until the invading army reaches here. There is scarcely any doubt now that

a large portion of the coming army will be landed on Guantanamo bay and that it will be used as a base for future military operations in the eastern end of Cuba. The bay is large and can be easily defended and will provide a good and safe landing place because it is fully 30 miles from Santiago. Its defenses have been ruined. The reduction of the small forts on the bay completes Admiral Eampson's preparations for the coming of the troops, which he announces was the object of the bombardment of the forts there and at Santiago. The arrival of the troops is awaited with impatience by every man in the squadron. It is now known that Naval Constructor Hobson and the heroic crew of the Merrimae were not injured during the

bombardment, although Morro castle, in which they are held as prisoners of war, was struck by shells during the bombardment Monday morning. This good news was obtained by Lieutenant Sharp, who ran the Vixen into the harbor under a flag of truce Wednesday. The object of his visit was to arrange for an exchange of prisoners. Admiral

Cervera asked for time to consider the matter, and later referred the question lo Captain General Blanco. During his visit to the harbor Lieutenant Sharp learned that the prisoners are safe and well. This news highly pleased every man in the squadron.

During the bombardment on Monday the Dolphin wrecked a railroad train with a shell from one of her guns. The train was filled with Spanish troops, and it is known that many of them

in the squadron are anxious to perform

heroic deeds. Ensign Leigh C. Palmer of the flagship New York has been commended for his personal bravery by Rear Admiral Sampson. With a heroism scarcely second to that of Naval Constructor Hobson he was attempting to inspect the enemy's defenses Sunday night. His little craft was soon seen by the Spaniards, who opened fire upon her. The plucky ensign did not fear danger. Regardless of a continuous fire of the enemy he ran the launch within 100 yards of the batteries, and his se-cape unhurt gives ample evidence of the poor marksmanship of the Spanish

Not less heroic was the feat of Cadeta Powell, who ran a launch into the harbor in seeking information of the Morrimac's crew and escaped without injury by the enemy's fire.

During the bombardment the cable to Cape Haitien was cut, and this cuts of all communication with Cuba. The ends were buoyed up by order of Rear Admiral Sampson, however, and he can easily establish direct communication with Washington.

After the engagement at Caimanera the Marblehead and the Yankee returnad to the blockading squadron.

The cable steamer Adria returned to Key West after cutting the cable at Guantanamo, her crew of Norwegiana having gone on a strike. They were badly frightened during the bombardment and refused to work.

There is constant communication between the insurgents and Admiral Sampson.

Santiago Reported Taken.

CAPE HAITIEN, Haiti, June 10 .-- A man who arrived here yesterday in a schooner from Turk's island, one of the Bahamas and about 110 miles north of Haiti, said it was reported there on Tuesday that Santiago de Cuba had been taken by the Americans.

Cable communication between Cape Haitien and Cuba is still interrupted.

Carranza's Case. MONTREAL, June 10 .- The petition

to have the capias taken out by Detective Kellert against Du Bosc and Carranza quashed is being made out now and will be presented today, with the result that the case will not come up in court until tomorrow or Monday. Although a close watch is being kept and his coming is expected, no official from Ottawa has as yet appeared here to announce that the Dominion government would like the Spaniards to de-

Reason For Cadiz Fleet's Delay.

GIBRALTAR, June 10 .- It is the general belief here that the delay in the departure of the Cadiz squadron is really owing to the necessity of arming the auxiliary cruiser Havel, recently purchased indirectly from the North German Lloyd Steamship company.

JAPANESE TEA ROOM IN NEW YORK.

How a Wealthy Woman Resident of the Metropolis Carried Out One of Her Eccentric Fancies.

A fashionable New York woman has the eccentric, though pretty, fancy for a "Tea Room of All Nations." This week it is a Japanese tearoom, last week it was a Russian tearoom. By a few simple devices she changes the room from one nationality to another, and so imparts to it an ever-varying aspect.

This week the woman whose tearoom is the bay window has pots of artificial Japanese plants set upon the shelves around the window, and upon the floor, which is covered

with matting. A rug of matting lies at the entrance. As the guests enter the room they are greeted by a little serving maid in native costume, who prostrates herself to the floor and bids them enter. This they greatly enjoy and their approach to the room

is begun with laughter and pleasantry-a happy beginning for an afternoon call. The dress of the little maid is in bright Japanese silk, with an immense sash of oriental silk She wears her hair in Japanese style with pins stuck in it. It might be mentioned that the little maid has never been to Japan, and that she enters into the spirit of the little afternoon play with enough heartiness to make it a success. She brings in the tea and later bids the guests adieu with native courtesy.

Fruit Juice Shoe Polish.

Orange juice is one of the best dressings for black shoes or boots. Take a slice or quarter of an orange and rub it on the shoe or boot; then, when dry. brush with a soft brush until the shoc shines like a looking glass. This is an English recipe. Another fruit dressing is for tan shoes, the inside of a banana skin. Rub the skin all over the shoe, thoroughly, wipe off carefully with a soft cloth briskly. Patent leather shoes should not be polished with blacking. These are the hardest kind of shoes to keep looking well, and require constant care. They may be cleaned with a damp sponge and immediately dried with a soft cloth, with occasionally a little vaseline or sweet oil. They must never be donned in cold weather without heating or they will crack as soon as exposed to the cold air.

Art of Selecting Fish. Select always a fish that is firm in

flesh and bright in the eye, and also note that when a fish is not in high season it is likely to be unreliable. Remember that fish should always be made very clean before it is cooked, but at the same time it must not be soddened by too much washing. Fresh water fish often have a muddy smell and taste, but this can be removed by soaking them in strong salt water after they have been well cleaned. Fish for boding should rarely be put on in warm water, only quite small ones will bear this, and it must be said that water should never be poured upon fish, as it is liable to break the skin.

Delicate Chocolate Custard.

Boil four tablespoonfuls grated chocolate in half a cupful of milk five minutes, add one quart of milk and let it get lukewarm, then add six tablespoonfuls sugar, one teaspoonful extract of vanilla and one dissolved Rennen tablet. Pour the milk into six punch or lemonade glasses, let stand in a warm place until firm and then place the glasses for one hour on ice. When ready to serve put one tablespoonful whipped cream on the top of each. The cream should be sweetened with sugar and may be colored with a few drops of blush.-Gesine Lemerk, in Ladies'

Belligerency! and Business

It is with no careless nor indifferent feeling towards the present deeply important conditions, that we say that War News will not detract from the value of our Store News. War is, happily, an abnormal condition, and will pass; but the needs of the individual are constant and never ending. There will be eating and drinking, and dressing and housemaking. Whatever the news from the Philippines or Carribean, we shall not mix belligerency with business. The store will go on brighter, bigger, better than ever. Our aim will always be the supplying of your needs promptly, inexpensively, dependably and well.

Manthwell-Miller.

About forty relatives and friends gathered, last evening, at 8:30 o'clock, at the residence of Mr. and Mrs. Harrison Miller, just north of this city, to witness the marriage of their daughter Nellie, to Homer Southwell, of Brooklyn, formerly of this city.

The happy couple stood under the American flag, surrounded by a bank of flowers, while the ceremony was performed by Rev. J. W. Norris. The wedding march from Fauet was played by Miss Annie Shaw, of Circleville. The bridal couple was attended by Mr. and Mrs. Walter Funuell, the latter being s twin sister of the bride.

After the curemony the bride and groom led the way to the dining room, where a well laden table was done justice too.

The bride received a large number of beautiful and useful wedding presents.

Mr. and Mrs. Southwell will leave Sunday, on Erie train 8, for Brooklyn, where they will make their nome, the groom being an employe of the Merganthaler Lineotype Company.

The out of town guests were: Mr. and Mrs. John E. Sherwood, Mr. and Mrs. Wm. Barton and Mr. and Mrs. Edward Southwell, all of Brooklyn; Mr. and Mrs. Oscar Olsson, of Paterson; Miss Annie Shaw, of Circleville; and William Miller, of near Howells.

The boys of the neighborhood indulged in an old-fashioned skimmington, and only dispersed after they had received part or the wedding feast.

A pretty June wedding took place at hulf-past seven o'clock, Wednesday evening, at 53 Hudson street, when Carrie, daughter of Mr. and Mrs. J. Harrison Myers, was united in marriage with Fred A. Norris, of Bullville. It was a pretty home wedding under very auspicious circumstances. The prevailing colors of the decorations were green and

Promptly at the appointed hour the bride, proceded by her little niece. Miss Hattie Myers, who officiated as flower girl, entered the parlor and took her position under a bower of green and white. She was joined by the groom and the impressive ceremony with the ring was performed by Rev. Mr. Mac-

kenzie of the Reformed Church. The bride looked pretty in a becoming gown of white silk trimmed with lace and ribbons. The little flower girl was attired in a white gown with slippers of

Couldn't Goe Yery Well and Mitched Up and Brove a Raw Three-Year-Old Instend of " Old Reliable."

AN OLD FARMER'S MISTAKE.

From the Warwick Dispatch. Wisner Edsall, of this town, is a hale

old farmer of eighty-four years, whose only physical ailment is a slight dimness of vision. He has handled horses all his life and broken many a flery colt in his younger days. Recently Mr. Edsall woke up one day

after his after-dinner nap and thought be would drive over to the village to get the mail, a distance of about five miles. He went to the stable and hooked up a horse, supposing all the while that he had his "old reliable" in the harness. He thought the old horse a little bit frisky and a trifle awkward, but drove him off for some distance, with increasing wonder as the nag clumsily shook his head and tried to drop the bit out of his mouth; and then tried to lie down on the off shaft, and nearly jumped out of his skin when the old man flipped him on the flank with the whip.

When about three miles from home Mr. Edsall stopped and got out to take a look at the harness to see it anything was bothering "old reliable" when to his amazement he found he was riding behind a well bred three-year-old colt that had never worn anything but a halter before.

"Well I swan!" said Mr. Edsall, "this beats me." Then he climbed back in the cart and took up the reins with all the vim of a young trainer. He drove the colt to the village, teaching him his Ps and Qs on the way and returned home without a mishap. Pretty good for a man of 84, wasn't it?

No Cherries for Us.

AMUSEMENT NOTES.

—June 9—Entertainment by the Y. P. S. C. E., in the First Presbyterian Church lecture room. -June 15-First annual picnic of O. and W. Silver Pand, at Mænnerchor Park. —Jone 18—Excursion to New York, via Eric Railroad.

-June 21-Song recital at Second Presbyterian Church. —July 4—Plenic of On'ario Hose Co.. No. 5, at Mænnerchor Park, afternoon and evening.

The experiment of closing small district schools and establishing a graded school at some central point, which has been tried in some of the rural townships of Ohio, has worked most satisfactorily. The system includes the running of covered wagons in different directions to bring in and takehome the pupils and although the cost is greater than under the old system the results obtained are so much better and education can be carried so much further that no one wishes a return to the old system. The adoption of this educational system has been warmly advocated by Superintendent Skinner and there is little doubt that its adoption in this State, wherever practicable, would be a blessing to many rural communities.

A few ill-natured people, who will take mighty good care to keep out of the range of Spanish bullets themselves, are speering at the 24th because it has had the good fortune to be assigned to garrison duty in New York barbor until its services are really needed in the field. These people who are diseatisfied because there is a chance of the 24th boys passing the summer without suffering all norts of discomforts are built on such perverted lines that they can't help snarling and jeering. They'd find something wrong with the set of an angels wings or the tone of Gabriel's trumpet. All other Middletowners are heartily glad that our soldier boys are in good luck and they realize, too, that just as many heroes will be made and just as many Spaniards killed at New York as at Chickamanga or Tampa.

THE FIRE POLICE-

Soldiers' Places Filled by New Appointmients Last Night,

The fire police held a special meeting, last night, and filled the vacancies caused by the absence of members with the 24th as follows:

Excelsior-Harry B. Kingsland and William Seeholzer, in place of G. M. Millspaugh, and A. E. Nickinson.

Monhagen-J. W. Conkling, in place of A. E. McIntyre.
Waalkill-E. E. Kinney, in place of D.

W. Shaw.

Life as it is Lived in a Port Jervis Suburb,

From the Port Jervis Union.

The other night a singular family trouble occurred at Tri-States. A man got in a qurrel with his wife because he would not make the children mind as requested by her. During the quarrel the with boiling hot tea. Later in the evening, much to the amusement of a number of residents, the wife was seen in the back yard dressing the wound which she had inflicted. Evidently a reconciliation had been effected.

An 0, and W, Employe Injured. Charles Genung, O. and W. car inspector at Norwich, was caught between the bumpers, Wednesday night, at that station, and badly pinched. His watch was smashed and the pieces driven into the flesh. His injuries, though painful, are not serious.

THE MODERN BEAUTY.

Thrives on good food and sunshine, with plenty of exercise in the open air. Her form glows with health and her face blooms with its beauty. If her system needs the cleansing action of a laxative remedy, she uses the gentle and pleasant Syrup of Figs, made by the California Fig Syrup Co., only.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhosa. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them,

Everybody's liable to itching piles, Rich and poor, old and young-terrible the torture they suffer. Only one sure cure: Donn's Cintment. Absolutely safe; eam't fail.

AN INVESTMENT AGENT ARRESTED

W. J. Robinson Held for Examination on a serious Charge.

W. J. Robinson, an investment agent well known in this city and neighboring villages, was arrested in Warwick, Wednesday, by Deputy Sheriff Moore, charged with stealing a check for \$2.797.47 from the office of the Hudson River Paint Co., of Newburgh.

Robinson and a friend named Mershon were interested in the reorganization of the paint company, and Mershon was made its president and Robinson a director. They shipped to the company a quantity of graphite, which the superintendent of the company refused to accept on account of its inferior quality, and the bill for which it refused to pay. On May 3d it is alleged that they visited the office of the company and secured a check which had been signed in blank by the officers of the company for another purpose, which Mershon filled out for the amount of their graphite bill and which Robinson, after having it certified, took to New York and deposited in a bank

Robinson was arraigned in Newburgh, Thursday, and was held in \$2,000 bail for examination Tuesday.

His defense is that under the by-laws of the paint company its president, Mershon, had the right to sign the check and that the bill for the graphite was a valid claim against the company.

DYING FISH IN HIGHLAND LAKE Five Bushels of Bead Fish Cathered Up Yesterday-Six Men at Work Removing Them, To-day.

The readers of the ARGUS were astounded. Thursday night, to learn of the wholesale death of fish in Highland Lake and the consequent pollution of the

water which one half of the city drinks. "Twenty-five bushels?" exclaimed a prominent taxpayer, "wby I don't believe it. You couldn't get twenty-five bushels of fish in a set of hav shelvings."

But the twenty-five bushel mark has been passed. Five bushels more of dead fieh were taken out yesterday, bringing the total up to thirty bushels and this morning the shores of the lake were again lined with a lot of dead fish which had accumulated during the night.

To-day six men, an increase of three, are patrolling the shores of the lake removing the dead fish.

There seems to be no end of sick and dying fish. They swim slowly to shallow water, turn over on their sides and soon

GEO. LEA VICTIMIZED AGAIN.

Cashed a \$32 Check for the Alleged Representative of a New York Crocery House.

Now that letters from all parts of the country are coming to the police regarding forgers and forgeries, Geo. Lea, the well known proprietor of the Madison House, announces that a slick rascal, who gave the name of "Fred O. Wagner," succeeded in passing a check for \$32 on him late in March.

The young man claimed to represent C. H. Worcester Repairs Everything the grocery concern on Murray street, New York, Morss, Opdyke & Co., and had a line of their samples. He showed Mr. Lea a letter from the concern, and a check for \$32, which Mr. Lea cashed, reserving \$16 for a board bill.

The check was returned by the City Netional Bank, of Brooklyn, marked "no account," and the concern pronounced it a fergery. The New York police were acquainted with the facts but no arrest has been made.

Mrs. W. J. Christian Back at the Sullivan County Club, Mrs. Wallace J. Christian and family

went to Wurtsboro, this week, and opened their cottage at the Sullivan County Club for the summer. So little effort has been made to arrest Christian for the murder of Pritchard and Constable Manny, lastiell, that he may conclude that the affair has blown over and return to spend the summer at the club.

The 105th Company Mustered In.

The 105th Separate Company, of Newburgh, was mustered in Wednesday night by Capt. Hunter. There were sixty men in line of whom thirty-eight were members of the Fifth Company, who did not volunteer or were rejected. L. W. Y. McCroskery was elected wife scalded her husband's bald head Captain: J. S. Bull, First Licutenant and William Nixon, Second Lieutenant.

To Bid on a Big Blue stone Contract.

C. W. Martin, the well known blue stone dealer of this city, started, this morning, for Mount Vernon, to bid on a large contract of 125,000 feet of four foot flagging wanted in that city, the award to be made to-night.

Mr. Martin supplied the stone used by a Newburgh dealer, who secured a large contract in the village of Walden.

A Swineling Lawyer Cets Four Years in Prison.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Symup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the Call-FORNIA FIG STRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives. as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -

Known That "pain Wants Prace—The Terms Which Will Be Demanded. BY ASSOCIATED PRESS.

WASHINGTON, June 10.-High diplomats said, to-day, it was perfectly well understood in Washington that Spain was ready to ask for peace on the best terms she can get.

This government will make no movement in that direction until the Madrid Cabinet makes some unequivocal advances in the proper spirit. Our terms will include the complete surrender of Cuba and Porto Rico and the payment of an indemnity guaranteed by European

ARMY OF INVASION HALTED.

The Washington Board of Delay Detains The Transports at Key West,

WASHINGTON, June 10 .- The fleet of transports which left Tampa yesterday is still lying off Key West, this morning. Various explanations are suggested but the War Department vouchsafes no reason for the sudden halt of Gen. Shalter's army of invasion.

Still it is stated in official circles there will be big news Monday next, which would imply that that will be the day of lauding near Santiago.

ENGLISH LIBERALS WANT A GOOD UNDERSTANDING WITH US.

London, June 10.-The Westminster Gazette, commenting on the American suggestion that the Liberals are hostile to the proposed Anglo-American understanding, ears:

The Liberal party desires nothing more than to draw close bonds with the United States. If its leaders draw attention to points needing careful handling, it is because, judging from the present condition of foreign affairs, they have grounds for fearing that the best policy may be wrecked by a lack of wisdom and perseverance. If we plead for care and caution in dealing with the United States, it is because we are anxious to save that cause from the fickleness of the present government.

TRAIN ROBBERS AND TRAINMEN FIGHT.

DALLAS, Texas, June 10.—Reports, received by Santa Fe officers in Dallas, today, are to the effect that four train rob bers attempted to hold up an express Odell is in the chair. train on the Lampass division, last night. A fight ensued between the trainmen and bandits, in which one of the latter was shot and Fireman Johnson was killed. The Santa Fe officials declare the robbers got no money.

CABLE COMMUNICATION CUT OFF Kingston, Jamaica, June 10.—Admiral Sampson has cut all the cables and Cuba is now isolated. The job was completed Wednesday. The end of the cable is attached to a buoy and will be reclaimed by American warships when needed.

PORT AU PRINCE, June 10.-Cable communication with Santiago de Cuba is still interrupted, and no war news is obtainable, this morning.

ENGLAND WILL NOT INTERVENE. Will be Nething Till There is a Chance

that Mediation Will Be of Use.

London, June 10.-In the Commons. to-day, A. J. Balfour, the Government leader, replying to a question as to whether "in view of the condition of the population of Cuba and the sufferings and evils arising from the Spanish-American war, Her Majesty's government or any other European powers have any intention of intervening to secure a cessation of hostilities by inducing one or both belligerents to negotiate terms of peace," said: "Her Majesty's government will gladly take any favorable opportunity for promoting a cessation of hostilities and negotiations for peace. But any action upon their part for the purpose can only be undertaken if there is a reasonable prospect that it will be well received by both parties and will be likely to lead to an agreement between them. Unfortunately there is not sufficient ground for believing this condition exists."

TAKING NO CHANCES.

A Fleet of Sixteen Warships Convoying

the Troop ships to vancingo. WASHINGTON, June 10 .- Another formidable fleet, consisting of sixteen warships of various classes, beaded by the big battleship Indiana, is assembled at Port Tampa to convoy the troop ships

The formation of this formidable fleet is due to reports that Spanish ships were lurking between Florida and Cuba with a view of intercepting the transports. The Navy Department has not given serious credit to these reports vet and to avoid the slightest possibility of a dash by some Spanish ships against the troop transports, this new fleet of sixteen warships was determined upon.

MAY LEAVE CHICKAMAUGA.

Rumors that Volunteers Are 10 Be Sent Nearer the Scat of War.

CHICKAMAUGA PARK. June 10.-Again rumors are flying thick and fast that a large portion of the volunteer army here is to be transferred to Tampa or some other point nearer the scene of action. The rumors are neither denied or confirmed at headquarters, and it is practically impossible to ascertain whether or not they are based on fact.

The regiments which are throughly equipped and ready to move are the 8th. 9th, 12th, and 14th New York, 8th Massachusetts, 1st, 4th and 16th Pennsylvania, 1st Ohio cavalry, and Griggsby's rough riders.

KILLED BY A TORPEDO EXPLOSION JACKSONVILLE, Fla., June 10-A torpedo in the St. John's River.at St. John's Bluff, about eighteen miles below Jacksonville, exploded, to-day, killing three men and badly wounding Lieut. Hart, of the United States Engineer Corps, in charge of the work of fortilying the river at that point.

ANGLO-CHINESE CONVENTION.

England Secures a Lease to Land Necessary for Bout Kong's Protection.

London. June 10.—The newspapers are printing many congratulations upon | vention, yesterday, which gives Great Britain an extension of boundaries of Hong Kong, including Khan-Lung, of two hundred square miles, under a I ase, to which the greatest importance is attached as the territory thus acquired is regarded as being assential for the protection of Houg Kong. The lease covers the waters of Mirs and Deep bays subject to the right of the Chinese to use

them for their own ships. When questioned in the House of Commons yesterday evening as to whether Russia contemplated sending troops to the Yang-Tes-Kiang valley, the Parliamentary Secretary for the Foreign Office made an important statement to the effect that such a proceeding without the consent of China, would be an act of wor and, he added. the government would take the requisite steps to protect British

Buccked from His Wheel and Run Over by Unknown Pariles.

M. Hurley, Jr., was riding his wheel on North street, at Wickham avenue. Thursday night, when a horse driven by three men turned directly in front of him. He was knocked off, his wheel broken and both wheels of the wagon passed over his stomach.

He got up unaided and the men drove away at full speed, not waiting to find out how seriously he might have been injured. To-day Mr. Hurley is about, but is very sore.

TO GET RID OF THE FISH.

Water Commissioners Will Encourage Pishing in the City's Reservoirs.

The Water Commissioners are satisfied that the fish are becoming entirely too numerous in the lakes supplying this city with water, and it is proposed to exterminate as many as possible by allowing any and all kinds of fishing from shore or boats. A watchman will be secured for each lake, who will see that stringent rules regarding conduct are enforced. This plan was told an Augus reporter. this morning, by a member of the Water Board, and it is hoped to getrid of many of the fish without drawing off the lake.

Rumors That It Has Already Surrendered.

SPAIN TRYING TO INTEREST POWERS

Wants Some One to Arrange Terms of Peace For Her-Madrid Greatly Excited Over Augusti's Dispatch. Popular Uprising Feared.

LONDON, June 10 .- The Westminster Gazette publishes a report that Manilla has fallen. Whether the city is in the hands of the Americans or the insurgents the report does not intimate. Dispatches to the Exchange Telegraph company from Paris and Madrid say it is rumored in those cities that the soldiers of the Spanish garrison at Manilla, fearing that they would be massacred by the rebels, have surrendered to the Amer-

From Madrid comes the news that Captain General Augusti has sent word to the home government representing the situation at Manilla as grave and stating that he cannot hold out much longer. The Madrid dispatch says this has struck the country with consternation and caused anger throughout the

ing the full text of General Augusti's dispatch. In its comments upon the dispatch the paper says: 'Upon receipt become very formidable, the insurgents being helped by the Yankees."

A special dispatch from Madrid says: fuses to send any further instructions to Captain General Augusti at Manilla, saying that he has already cabled him to protect the honor of Spain and resist to the death. Senor Salmeron is agitating for a national government. He declares that the ulterlor views of the present ministry are hindering patriotic

action.

"Senor Sagasta has informed the ministers and the leaders of the Opposition that certain leading editorial articles recently published were deceiving the public. He is understood to have referred to certain warlike articles which followed the publication of an article in the Paris edition of the New York Herald a week ago advocating peace and intimating that the United States government appalled by the magnitude of the struggle with which it is confronted. is anxious to escape from its terrible dilemma. Senor Sagasta_ protested against any discussion of the war, and Senor Mella retorted that when governments were silent then nations would rise."

Public feeling, though aroused, is displaying an ominous calmness, waiting to know the worst; but then, when that is known, there will be developments, It is generally believed that important decisions were taken at the cabinet

A mail steamer that was carrying torpedoes destined for the defense of Manilla has returned to Barcelona.

The cabinet council was occupied last night with a long discussion as to the military situation in the Philippines General Correa, minister of war, denied that Captain General Augusti's position was desperate, and Senor Sagasta added that Manilla had means of defense until the arrival of re-enforcements.

The council then adopted important neasures, which are kept secret, Captain Aunon, minister of marine, being authorized to take whatever measures he considers necessary with reference to the Philippines, and Senor Puigcerver, minister of finance, being authorized to come to an agreement with the lead-

the passage of the budget. Senor Sagasta declared that the government had "no intention of taking the initiative in negotiations for peace." He said he was not aware that any power was disposed to do so.

The council accepted the resignation of Lieutenant General A. Daban, commander of the First army corps and captain general of Madrid, and appointed Lieutenant General J. Chinchilla, commander of the Second army corps and former minister of war, to succeed

when a female gymnast leaps blindfold through the air, spectators usu-ally think it is a terribly risky thing to do, and vonder how she ever has the hardihood; yet the leap is taken with perfect confidence because she knows that strong and dextrous hands

are ready to receive her. She would never take such chances at the hands of any but a trained and skillful athlete. That is where she is really more pru-

dent than many of her sex.

Women who would shudder at the risks of a gymnastic performance take vastly more dangerous chances by trusting their life and health to the advice of some incompetent, uneducated person, when they are suffering from weakness or disease.

Only a skilled, experienced physician is competent to prescribe remedies for the complicated ailments of the feminine or-

ganism. No mere nurse is fitted to deal with diseases which demand the utmost resources of medical science.

For nearly 30 years Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., has given special expert attention and study has given special, expert attention and study to the treatment of women's diseases. No physician in the United States has had

more remarkable success in this particular field of practice.

His "Favorite Prescription" has cured more cases of obstinate female diseases than any other known remedy. No other medicine in the world so completely restores organic health and strength to suffering

Mrs. Jacob Schaffner, of Freemansburg, Northampton Co., Pa., writes: "It is with pleasure that I write to let you know the great good I have received from your medicines and the self-treatment at home. I was troubled with female weakness; had pains in my back all the time, sometimes so severe that I could not lie still in bed at night. I tried different doctors but they could not help me. Then my husband induced me to try Dr. Pierce's Favorite Prescription. After taking six bottles I feel like a new woman. Thanks for your advice."

RS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y.. writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change: I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored

The 15 vessels forming the squadron will start together, under sealed orders, which will only be opened when the squadron is well out to sea. It is understood that the forces will then be

Spain Wants Some One to Help Her

Back Down.

There is now little doubt that Spain, seeing the hopelessness of further continuing the war, is approaching the powers with a view of obtaining an honorable peace. The cabinet council yesterday finally authorized Duke Almodovar de Rio to expedite diplomatic action, and in consequence the duke is now conferring with certain embassadors and ministers in Madrid.

"Instructions have been telegraphed to the Spanish minister in Vienna and orders likewise given to Senor Aguora, the undersecretary of state, to proceed at once to the Austrian capital. Spain is unquestionably looking to Austria for assistance in her distress. It is unlikely that any appeal will be made to the holiness met with a discouraging reception in America.

"Probably Captain General Augusti will be ordered to make the best terms he can with Admirai Dewey. "The cruiser Lepanto is still at Cartagena completing her crew. Orders have been issued for between 2,000 and 3,000 men to be assembled at Cadiz in case Admiral Camara's squadron may lack its full complement.

"All the forces opposed to the government are showing signs of restlessness. Marquis de Cerralbo assures me that while the war lasts the Carlists will remain quiet, but should a dishonorable peace be negotiated they will act 'in accordance with their ideas of duty.' This is a plain statement and should not be lost sight of, since it is hardly possible that the government will be able to negotiate a peace which the people will not regard

WAR REVENUE BILL

Conference Committee Makes Its Report.

ADOPTED BY THE HOUSE LAST NIGHT

Senate Will Act Today-Compromise on Colonge and Seigntorage Provisions. Inheritance Tax Imposed-Utner Features of the Measure.

WASHINGTON, June 10 .- The conferees on the disagreeing votes of the two houses of congress on the war revenue bill reached an agreement yesterday, and the report was adopted by the house of representatives last night. It will be taken up by the senate today.

The compromise for the coinage of the silver bullion and seigniorage in the treasury provides for coining \$1,500,000 per month instead of \$4,000,000, as provided in the senate bill.

The silver is to be coined under the existing law, and it is estimated that at the rate provided it will require about five years to coin the silver in the treas-

The amount of bonds was also compromised, being placed at \$400,000,000. The house accepts these senate pro-

visicns: Allowing rebate of 7% per cent on the sale of stamps for fermented liquors instead of 5 per cent, as provided by the

hruse. Imposing special taxes, etc., with an amendment striking out insurance agents and also making the tax as to theaters apply only to cities exceeding

 $25, \cdots$ population. The amendment striking out the house provision imposing a special tax on retall fobacco dealers.

The provision relating to stamp taxes on life insurance policies, but reduced to 3 corts for each \$100 of insurance, to be paid enly ence, at the inception of the willey, and a corresponding reduction on w-e''y payment insurance.

The proprietary medicine and perfum-ry amendments of the senate with 2 reduction of the tax of about one-

The senate amendment providing that starps may be affixed on medicinal artitles held in stock, as when such arties are sold by the retailer.

The senate amendments imposing an excise tax of one-fourth of 1 per cent on erre rations refining sugar or petroleim measured by their gross receipts sxer=fing \$250,000.

2 stamp tax of 1 per cent on the sale of each eleeping and parlor car ticket sold by the company issuing the same. = senate legacy and inheritance tax.

Also the senate amendment imposing

The house recedes from its tonnage ax provision. The senate amendments imposing a futy of 10 cents a pound on imported

ea, with an amendment providing that the duty shall take effect on the passage of the act. The senate amendment relating to mixed flour, with a substitute embody-

ng the bill on the same subject, as reerted by the committee on ways and means. The senate recedes from its coinage

of the silver seigniorage amendment and a substitute is agreed to simply authorizing and directing the coinage of aut less than \$1.500,000 in silver per menth from the silver bullion held in the treasury, such silver dollars to be aprlied as provided 14, 1890.

The senate accepts these house provisions: Placing the increased tax on fermented liquors stored in warehouses. The certificate of indebtedness and loan provis ons of the house, with a reduction of the amount of bonds authorized to \$160,000,000.

The house accepts the senate rates on organs and digarettes, and the senate accepts the house provision imposing in additional tax on stocks on hand, out reducing the tax on such stocks ne-half, and excepting from its operation stocks not exceeding 1.000 pounds of tobacco, 20,000 cigars and cigarettes.

The house accepts the senate amendment imposing a stamp tax on all speculative sales on stock and produce ex-

The senate accepts the house exemption of receipts from stamp taxes.

The senate recedes from its amendment imposing stamp taxes on articles sold under a trade mark or any name or designation not open to general use.

House Accepts Report. .

WASHINGTON, June 10.-The house agreed to the conference report on the war revenue bill. The vote was 153 to 111. The Republicans who voted against the adoption of the conference report

on the war revenue bill were Brewster, Henry (Conn.), Hill, Littauer and Mc-Intire. The Democrats who voted for the report were Cummings. Driggs, Fitzgerald, McAleer and McClellan, Mr. Carter Scores Ship Owners. WASHINGTON, June 10 .- At yester-

day's session of the senate Mr. Carter of Montana, in connection with the re-· ction by the government of the steamship Centennial as a transport, made some ugly charges against the ship owners on the Pacific coast. He said that they had been endeavoring to hold up the government and compel it to pay inordinate and extortionate charges for ships to be used to transport troops to the Philippines: Mr. Perkins of California denied the statements of Mr. Carter, declaring that the vessel owners of San Francisco had placed their ships at the disposal of the govern-ment at a rate fully 50 per cent less than they usually received for them.

Mr. Lodge of Massachusetts made some sensational disclosures concerning the disposition of the money appropriated by congress a short time ago in payment of a claim of the book concern of the Methodist Episcopal Church South. He introduced a resolution directing the claims committee to make an investigation of the matter and report to the senate what, if any, action could be taken. The "omnibus claims bill," carrying

something over \$9,000,006, 40 private pension bills and several measures from the general calendar were passed. That's Their Business.

fullammatory Rheumatism Cared

Three Bays. Morton L. Hill. of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint, her suffering was terrible and her body and face were swollen beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mystic Core for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life," Sold by J. E. Milla, No. 2 Empire Block, Druggist, Middle-

Give the Children a Brink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about one-fourth as much as coffee. 15 and 25c.

tithe First Begiment Expected to Leave on Monday-The Details to Recruit the Companies - Seer and Bread for the 24th-seeing Camp Black's Finish

CAMP BLACK, HEMPSTEAD PLAINS, June 9, 1898.

That we are to leave Camp Black at last is an assured tact, but just when we go and where we will land is as yet an unknown quantity. The colonel will take two companies to Governor's Island; which two companies he will select is known only to himself. The remaining companies will be divided into two battalions of five companies each, and sent to Forts Hamilton and Wadsworth. It is not thought that we will leave this place until Monday.

Major Chase and a non-commissioned officer from each of the companies of his battalion were to-day ordered to hold themselves in readiness to proceed to their home stations and there procure the necessary recruits to bring their commands up to the required strength of 106 men. Twenty-six men will be Nickinson was selected by Capt. McIntyre as the man whom he would send to Middletown. The appointment met with Major Chase's favor and he recommended the same to Col. Barber. It is not known how long a time it will require to procure the men or how they will be mustered in. They will in all probability be sent either to Newburgh or Albany for examination and muster. Transportation and subsistence will be furnished by the government and it is expected that the former will be received to-morrow or Saturday when we will leave for our detached duty. Fresh bread has been very plentiful

this week, a barrel having been received from Job Giles, and to-day one was received from E. W. VanDuzer.

A barrel of lager beer was received today from M. Reinecke, of the Orange County Brewing Co. It is now being cooled off with a buge cake of ice procured from Hempstead for that purpose. It will be distributed this evening.

Sergeant Barnes will be the acting first sergeant during the absence of Sergeant Nickinson.

Capt. McIntyre and Lieutenants Wallace and Decker received a complete outfit of folding camp furniture yesterday. The chairs and tables and cots are particularly strong and light and can be folded in a very small compass.

The 47th Regiment, with the exception of one battalion, left camp to-day and the 22d goes to-morrow, and when we leave Monday, Camp Black will be a thing of the past.

24TH GOES TO FORT HAMILTON. Colonel Barber has made his assignments for the 1st Regiment. His assignments are as follows. Companies G. and H, under Col. Barber, Major Scott and the headquarters' staff, to Fort Columbus, Governor's Island, Companies E, I, K, L and M, under Lieutenant-Colonel Stackpole and Major Chase, to Fort Hamilton, and Companies A, B, C, D and F, under Major Emmett, to Fort Wads-

COURT PROCEEDINGS.

No Cause of Action the Verdict in a vlander Suit-James & Martin's Suit Against J. M. Swift and Austher. Gossen, June 10 .- In the slander suit

of Hamilton vs. Davey, tried at Goshen, Thursday afternoon, the jury rendered a verdict of no cause of action.

The case of James G. Martin vs. Joseph H. Swut and another was next taken up. George H. Decker for plaintiff, M. J. Donovan for defendants. Suit is brought to recover on a bond given by Swift to make good the payment of a certain amount of money claimed to be due plaintiff and others from Charles Sedore, proprietor of the North End machine shop in this city, and for which debt a machine and two automatic leeders were attached.

A brief history of the case is as follows: Charles Sedore, manufactured box-nailing machines for Joseph H. Swiit, the owner and patentee of the machine. Sedore obtained castings, etc., from Martin, hardware from Brink & Clark and board for some of his men at Mrs. Poole's, on North street. The last named parties assigned their claims to Martin to save expense in bringing action. Martin had not been paid in full for work and supplies furnished and he attached the arneeded for Company Land First Sergeant | ticles just as they were to be shipped to Swift at New York, by an action brought in Justice Payne's court. Swift claimed ownership to the machine and took it, giving a bond to prove within three months, the time specified by law, that he was the owner.

The only witness put on the stand by the plaintiffs was Justice Payne to prove that action had been taken in seizing the

Mr. Swift was called for the defense and a bill of sale covering the articles seized, given by Sedore to Swift, dated July 24, 1897, was produced. The seizure was made August 19, 1897. The amount claimed is \$196.25, with inter-

The case was still on when court adjourned Thursday night at 5:30.

The jury rendered a verdict for plaintiff for full amount claimed \$196.25.
